Rollers

Keyway

EASY ORDER FORM FOR CORN TORTILLA DIE CUTTER

Measure sheeter head O.D roller and shaft. Example: 4.5", 6.5", or 8.5" OD outer diameter

IMPORTANT HOW TO CHECK IF YOU'RE ROLLERS

ARE STRAIGHT OR CURVED: Mark Yes or No

If you don't know how to check? You can check by placing a standard ruler flush sideways in the middle of your front & back rollers and then turn on flashlight so the light can be seen from the front of the ruler, if you see any light thru the bottom of the ruler, you have curved rollers, No light coming thru means they are straight
